THE CENTENARY ED.D. GRADUATE PROGRAMS

PURPOSE

Centenary's M.Ed. programs aim to help capable teachers achieve greater success in their teaching careers.

The Centenary programs offer a dual emphasis. We stress the practical skills and useful concepts which are germane to good teaching and school administration. We also teach the theoretical side of education upon which is based each of the pragmatic ideas.

The programs are designed to be accessible, intensive, and useful.

THE COLLEGE

Centenary College of Louisiana is a private, coeducational, Methodist institution and is recognized as one of the South's finest liberal arts colleges. Founded in 1825, Centenary is the oldest private college west of the Mississippi River.

The College firmly believes that a liberal arts education preserves the best in our cultural heritage and prepares students for the challenges of the future.

Centenary College is accredited by the Southern Association of Colleges and Schools.

ADMINISTRATION

The Dean of the College is the administrative officer responsible for the graduate programs. The Dean and the Graduate Council are charged with the general administration of the programs.

The Graduate Council is composed of the following: the Dean of the College, the Dean of the School of Business, the Chairman of the Education Department, the Registrar, the Vice chairman of the Education Policy Committee, and the Chairman of the Personnel and Economic Committee. All three academic divisions are usually represented among the chairmen of faculty committees and the members-at-large. It is from these members the Council selects its chairman for the year.

The Graduate Council is responsible for the admission criteria to graduate programs and the supervision of satisfactory progress toward degrees, and for policies pertaining to personnel, curricula, degree requirements, and finances. Proposals relating to any of these areas may originate with the Dean, members of the Council, or any faculty or administrative officer of the College and should be sent to the Dean and the Chairman of the Graduate Council. Proposals for new graduate programs come to the Graduate Council with majority approval from the department seeking the program. The Graduate Council submits its recommendations to the Faculty for approval. Graduate academic appeals are made to the Graduate Council.

The Faculty Personnel and Economic Policy Committee and the Graduate Council cooperate in interviewing and recommending new faculty members and in recommendations for promotion and tenure.

The Graduate Council receives from each faculty member teaching graduate courses a report yearly in which the Council is apprised of the professor's professional activities relating to graduate program responsibilities, including research and publications.

2. Complete official transcript of work completed at each college or university attended.
3. Results of the Graduate Record Examination Aptitude Test or National Teacher Examination Test (Core Battery and Area), and a copy of a valid Louisiana teaching certificate. A GRE score at or above the 25th percentile in the verbal ability and quantitative ability (advanced test) in educational administration is acceptable for further consideration.
4. Master of Education students must present a 2.5 composite grade point average on all undergraduate work to be considered for regular admission.
5. Admission to a graduate program does not imply admission to candidacy for a

graduate degree.

6. A student must have been in good academic standing in all institutions previously attended.

SPECIAL ADMISSION

Outstanding graduating seniors in the final semester of the undergraduate program at Centenary may, with permission of the Dean and the Chairman of the Department, be admitted to a maximum of six hours of graduate course work. Should the student fail to graduate at the close of the semester, credit for the graduate level work will be denied.

CONDITIONAL STATUS

An applicant who does not meet the requirements of a regular graduate student may be granted conditional status by the Chairman of the Department.

REMOVAL OF CONDITIONAL STATUS

The removal of conditional status and continuance in the graduate program are determined by:

1. Completion of regular admission procedures.
2. Completion of twelve semester hours of graduate work.
3. If regular status has not been attained after completing twelve semester hours, a student may not continue to pursue courses until all requirements are met.
4. A student on conditional status who fails to qualify for regular status upon completing twelve semester hours of work may not later be admitted to candidacy for a degree.

RE-ADMISSION

Graduate students whose study is not continuous in the Centenary College Graduate Program must apply for re-admission to the Graduate Program. The application for re-admission is made to the Chairman of the Education Department. Non-degree students should apply to The Director of Continuing Education.

2. Photostatic copy of teaching certificate or official transcript from college or university where degree received.

This credit must have been earned no more than six years prior to completion of the degree requirements.

ADMISSION OF TRANSFER STUDENTS

An applicant who has attended another graduate school and has earned at least a 3.0 average on all graduate work is eligible to apply for admission to the Graduate Program at Centenary. The transfer student must also meet all admission requirements listed under the regular admission section; furthermore, eligibility for re-admission to the college from which the student has transferred is essential.

An applicant who has attended another graduate school and whose average on all graduate work is below 3.0 but not lower than 2.5, may be eligible for conditional admission to the Centenary Graduate Program by action of the Graduate Council.

An applicant with a grade of "I" from another school will be denied admission to the Centenary Graduate Program.
